Tools and Techniques	MYSQL Power BI
Soft Skills	Team work Creative Thinking Adaptability

PROJECTS

Online Book Store

Description: Developed a simple online bookstore using HTML and CSS, featuring book search and selection functionalities, along with sections for store information and user inquiries, ensuring a user-friendly experience.

Portfolio Website

Description: Created a personal portfolio website to showcase projects, skills, and professional experience. Designed a clean, responsive layout using HTML and CSS, with sections for bio, project highlights, and a contact form, focusing on simplicity and user-friendly navigation.

Hotel Booking Project

Description: This Java-based Hotel Management System enables room booking, food ordering, and checkout management, supporting single and double rooms, tracking availability, and generating guest bills.
